In the Ukrainian Wikipedia one area of knowledge has been covered to an extent greater than all other Wikipedias — the subject of mining, due to the considerable contribution by one person, Volodymyr Biletsky, a professor at Donetsk National Technical University. Using as a basis his published *Encyclopedia of Mining*, Biletsky has contributed over 10,000 articles on the subject to Ukrainian Wikipedia.[2] Also, in 2013 the Institute of History of Ukraine at the National Academy of Science gave permission to the Ukrainian Wikipedia to use the digital version of the Encyclopedia of Ukraine's History that was published online. The Higher School Academy of Science and Forest Engineering also allowed Wikipedia to freely use their information resources.[3]

One of the areas where activity is notable is in Wiki Loves Monuments project, an
